For All Pain

"The efficiency of any drug" says Dr. C. P. Robbins, "Is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation of the principal symptoms of all diseases is principal symptoms. In the same are the interest in us for the other remedies which will show used largely in my practice is antifaminatablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headsches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Antifamina tablets are also excellent for the headsches from improper digestion; also for headsches of a neuralgic origin, and especially for women subject to pains at certain times. Two anti-kammia tablets give prompt rellef, and in a short time the patient is able to go about as usual." These tablets may be obtained at all druggists. Ask for Ask Tablets. They are also unexcelled for headsches, neuralgia and all pagin.

It was not a welcome statement to men, because they have always posed as being without the taint of jealousy. The fault has been imputed to women and regarded as a purely feminine failing. The truth is there are as many jealous men as women.

A young woman came before me to ask that her husband be sent to the

many jealous men as women.

A young woman came before me to ask that her husband be sent to the Kings County Insane Asylum. She itestified that he had threatened to kill her. I learned that she had taken their children and gone back to Europe, leaving them with her parents, and that when she returned she seemed to have lost interest in her husband and drifted away from him. He hand begged her to come back to him and had even, in a frenzy of jealousy, threatened her life. I decided against the wife because I do not regard jealousy as a dangerous form of insanity.
